A pre bid conference was held on 29-12-2009 in reference to NCB for procurement of Medical Equipments. The prospective bidders / bidder's authorized representatives were attended the pre-bid conference. It was asked in the pre bid conference form the prospective bidders / bidder's authorized representatives to submit their queries in writing.

The queries submitted by the prospective bidders / bidder's authorized representatives and the responses are as follows:

Sr. No.	Description	Queries	Response
1	Technical Specification of 3 tr. Multi split type Air Conditioner.	Clarify the requirement of Multi split type Air Conditioner	Please refer the Section VI Technical Specifications of "3Tr. Multi Split type Air Conditioner" whereby it has been clearly mentioned the requirement. The 3 Tr. Multi split has (2 x 1.5 Tr.) type Air Conditioner i.e. two indoor units and one outdoor unit. Thus multi split type AC machine requires only one condensing unit. The other advantage of Multi split type AC machine is less power consumption.
2	Technical Specification of Refrigerator	Please amend the technical specifications of Refrigerator : 1- Minimum Gross capacity: 305 to 330 liter instead of 310 to 330 ltrs. 2- Model type: Triple door instead of double	Please refer the amended technical specifications of Refrigerator 310 liters in which the required feature has included.

		<p>door.</p> <p>3- Refrigerator should be of Nano Titanium Technology.</p> <p>The advantage of triple door is you get three temperature variants in each compartment.</p> <p>The advantage of Nano Titanium Technology is it eliminates 99% of bacteria with no extra energy consumption.</p>	
3	General	<p>Period of validity of bids and period of validity of bid security</p>	<p>Bid Validity: According to Corrigendum please read this “Each bid shall be valid through 18 April 2010 instead of 11 April 2010”, at clause 16.1 ITB.</p> <p>Bid Security: According to corrigendum please read this “a bid with a bid security that expires before 02 June 2010 shall be rejected as non responsive instead of 26 May 2010” at clause 15.3 (e) ITB.</p>
