D.O.No. Z.20015/127/2019-ME.I (Pt.I)

Dated : 20th April, 2020

Dear Colleague,

You are aware that an Integrated Government Online Training (iGOT) platform has been initiated for training of healthcare professionals as well as non-health providers for COVID-19 management. iGOT is an on-line cloud based capacity building platform of DoPT being built to deliver role specific uniform content to all categories of providers. It delivers pre-curated content to all devices smart phones, tablets, laptops etc. and has the capability of delivering appropriate training material simultaneously to unlimited number of learners. These training modules can be accessed at <https://igot.gov.in>.

2. The platform provides specific modules which have been uniquely designed and mapped to specific professionals, depending on their roles. These roles have been mapped, personnel wise and placed at Annexure-I. Further, against each role, the training modules that may be undertaken have also been prepared and placed at Annexure-II. These Annexures are enclosed herewith to assist you in keeping your manpower appropriately trained to face this COVID-19 situation.

3. The COVID Warrior dashboard is a master database of the healthcare professionals and volunteers (<https://covidwarriors.gov.in>) and indicates the State and District wise availability of various categories of Health workforce such as Doctors, Nurses, Allied and Healthcare professionals among others, as well as non-health volunteers, in addition to the contact details of nodal officers from the State, Districts and major associations. This also has details of various Hospitals including Railways, Defence, ESIC among others. As several planning resources are already available with your officers, this is a useful tool to efficiently plan and mobilise the workforce to avert undue distress while enabling services within the district. The COVID Warrior dashboard will have a secured login for all the chief administrators of the districts and States including Principal Secretaries, Mission Heads, District Magistrates, Commissioners, COVID nodal officers, among others.

Contd.....2

4. You are requested to widely publicize this iGOT platform as a source of training amongst all those engaged in COVID-19 management including doctors, nurses and allied healthcare professionals in both in the Private and Government sector hospitals / medical colleges and also amongst all the non-health workers and volunteers etc. engaged in this work. It is recommended that the professionals are encourage to frequently check the courses on this platform, based on their roles to stay updated on the recent developments.
5. In case of any clarification, the nodal JS from MoHFW, Dr. Nipun Vinayak, may be contacted at : 09650307575 (email: js.me-mohfw@gov.in)
6. A brief video conference meeting in this regard is also scheduled tomorrow 21.04.2020 via NIC at 2.30 pm, to be chaired by Chairman of Empowered Group IV (details will be shared with your office), you may kindly attend the same or appoint a nodal officer on your behalf for the same purpose.

Warm regards
Yours sincerely,

P. Sudan
(Preeti Sudan)
