No.17/Meeting/DDC (I)/2010

To,
All States Drugs Controllers

Sub:-Sale of Tetracycline & Sulphonamides to the farmers without prescription

Sir,

During a meeting of the Export Inspection Council at New Delhi, it was informed that Tetracycline & Sulphonamides have been found in traces in Honey being produced in the country. The matter assumed significance in the context that European Union is contemplating a ban on honey exported to EU countries from the end of the March 2010. It appears that the above Drugs are being procured by the farmers from sale outlets without prescription. The meeting was of the view that if the sale of these Drugs without prescription is checked at the retail outlet to the farmers, the problem can be solved to a great extent.

It is therefore, requested to issue necessary instruction to inspectors under your control to ensure that Tetracycline & Sulphonamides are sold to farmers only on prescription.

Action taken in the matter may kindly intimated to this office

Yours faithfully

(Dr. Surinder Singh)
Drug Controller General (India)
